Starting September 30th, 2026

Every week via Zoom 12:00pm to 1:00pm

Perinatal TiPS Webinar Series

Fall 2026

Mental Health Across the Generations: From Pregnancy to Childhood and Beyond

Why Attend?

- Learn from experts in child, adolescent, and perinatal mental health through engaging, evidence-based presentations.
- Strengthen your assessment and screening skills to recognize mental health concerns earlier and provide timely support.
- Explore real-world cases and clinical insights that bridge pregnancy, postpartum, childhood, and adolescence.
- Build confidence in managing complex mental health conditions and connecting patients with appropriate resources and care.
