Improving the Health of Our Communities

Penn State Health is an integrated academic health system serving patients and communities across 15 counties in central Pennsylvania. Our 2,592 physicians and direct care providers are committed to improving the health and well-being of the diverse communities we serve at 181 primary, specialty and urgent care outpatient practices.

The health system includes our flagship teaching and research hospital, Penn State Health Milton S. Hershey Medical Center; the most comprehensive children's hospital between Pittsburgh and Philadelphia, Penn State Health Golisano Children's Hospital; and leading-edge cancer treatment at Penn State Cancer Institute, all based in Hershey.

Additionally, Penn State Health includes Penn State Health Hampden Medical Center in Enola, Penn State Health Holy Spirit Medical Center in Camp Hill, Penn State Health Lancaster Medical Center in Lancaster, Penn State Health St. Joseph Medical Center in Reading and Pennsylvania Psychiatric Institute, a specialty provider of inpatient and outpatient behavioral health services, in Harrisburg.

Penn State Health also jointly operates various health care providers, including:

- Penn State Health Rehabilitation Hospital
- Hershey Outpatient Surgery Center
- Hershey Endoscopy Center
- Lancaster Orthopedic Group
- Surgery Center of Lancaster
- OSS Health

Penn State College of Medicine in Hershey partners with Penn State Health to educate the next generation of clinicians, scientists and public health professionals and conduct groundbreaking biomedical research.

Our Physician Liaison Program is designed to connect our referring providers and their staff with Penn State Health specialists, advanced medical care and clinical trials. In partnership with you, we are proud to provide the highest level of care to the people of central Pennsylvania and beyond.

Physician Liaison Program

Our Physician Liaison Program supports communication and collaboration between referring providers and our care teams.

Our physician liaisons are available to:

- Connect you with Penn State Health specialists
- Provide information and education on new programs and services
- Assist in the resolution of service-related issues

We invite you to contact our physician liaisons to learn more about our services, discuss your clinical needs and share ideas for future collaborations. Your partnership enables us to continue to improve the services that Penn State Health provides to you and your patients.

Visit pennstatehealth.org/physician-liaison-program.

Hospital-Based Outpatient Locations

Penn State Health is committed to providing our patients with exceptional and compassionate health care services. Many Penn State Health outpatient practices and facilities are operated by Hampden Medical Center, Holy Spirit Medical Center, Lancaster Medical Center, Milton S. Hershey Medical Center and St. Joseph Medical Center. These locations are designated as “Hospital-Based Outpatient” under federal guidelines, a national model of practice for integrated health care delivery systems.

Receiving care at Penn State Health Hospital-Based Outpatient locations may result in a hospital charge and a physician charge for outpatient services and procedures. Depending on specific insurance coverage, it is possible that some patients may pay more than they would at one of our other locations.

* Hospital-based outpatient locations are indicated throughout this directory with a single asterisk.

** Facilities with some hospital-based services are indicated with a double asterisk.

More Information

Contact our Patient Financial Services offices at **800-254-2619**.
